

GIFT VOUCHER CODES

Our Gift Voucher Codes can be used for any of our race tickets which are bookable via Let's Do This, our entry system partner.

They can be purchased in £25 denominations via a secure [Stripe link](#). The code will be sent to the specified address within 3 working days.

[CLICK HERE TO PURCHASE NOW](#)

Using your code:

Make a note of the expiry date sent with your Gift Code, this will be a minimum of 18 months from the point of issue. You must use your Gift Code before this date.

You can use your Gift code against the value of any race ticket – other items in your basket may be excluded e.g. BTF Race Pass, Refund Protect, Add Ons and Charity Donations

Enter your Gift code into the box when you reach the check out, the value will be deducted from your total. If your ticket value is less than the code value, credit will not be issued automatically but contact us for a credit to be applied to your Lets Do This account.

Only one code can be applied per transaction – sorry, it's a system thing! If you want to apply another discount code e.g. from one of our Partners, you won't be able to add both that and your Gift Code at the same time. Contact us and we can help out.

Normal terms and conditions will apply to your entry, however when a Gift Code has been used as payment, any refund value will be issued as credits to your Lets Do This account.
